NEW BOOKS IN THE COUNTY LIBRARY:

The Quarry, by Mildred Walker. A long and satisfying novel of life in Vermont from the days before the Civil War to the beginning of World War I. It is the story of a hard but righteous father and a gentle son, of a Southern belle, of a runaway slave who found a life of dignity, of a love that was thwarted, yet endured for a lifetime.

The Wayward Bus, by John Steinbeck. It concerns a group of people who find themselves sharing by accident an adventure which lasts only a day.

Information Please Almanac, by John Kieran, editor. It is a book containing facts of the world, prepared by leading authorities and outstanding organizations. It is a book for people of every age and occupation. A really great book of facts and information written for reading.

The Walls of Jericho, by Paul I. Wellman. A novel of two men whose destinies were shaped by the ambition and love of three women. Jericho is a name of a town in which a lot of us grew up - a town with traditional American get-up, one which attracted the kind of people who wanted to prosper.

Mrs. Mike, by Benedict and Nancy Freedman. It is the story of the growth to maturity of love of two young people.

The Lincoln Reader, edited by Paul Angle. The Lincoln Reader is a full length portrait of Abraham Lincoln that has been almost a century in the writing.

The Shore Dimly Seen, by Ellis Gibbs Arnall. The Shore Dimly Seen is not confined to events in Georgia, but it ranges over the whole national scene. It is a wise and suggestive look at that dimly seen shore toward which the nation moves.

Announces Details of $20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately $20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from $2.50 to $300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that *"Any price is too high if it can be reduced."*

FARM TRACTORS 12 Models Reduced $10 to $134 (up to 10.6%)
